

RECEIVED JUN 21 2007

*Dear James B. Kane, Regional Director:*

*After receiving the letter dated May 29th, 2007, I felt that I had to reply to this letter. To me the statements made by Douglas G. Martin, Mayor of our town are not the thinking of anyone that wants to see any progress in this town but one that feels that the town is strictly narrow mind for any new growth that doesn't intrepedate to their thinking of new growth. Being that Doug Martin is in politics both in the regional levels ,town councilor and now mayor I was hoping that he had a broader vision toward developing with insight.*

*On behalf of ourselves we personally apologize for all that your company has had to endure in trying to benefit all in new transportation methods.*

*I believe that if anyone had an insight they would see the benefits in the new bridge and infastructure that would bring ten of thousands of jobs. We are so greatful that Ambassador Bridge and Ambassador Niagara has put so much time, effort and money into this. It make me proud to know a company with so much insight. I know of what struggles that you have had to go through with this town because we to have had struggles legally. Thank you so kindly for keeping us informed as to the accomplishments. Our prayers and our voice is with you.*
